IEC SPARK (SAFETY PROGRAM RETENTION & AWARENESS KIT) RECOGNITION AWARD

- Grand Achievement
- Superior Achievement
- SPARK Achievement

WHO CAN BE A NOMINEE?

IEC National Member

AWARD DESCRIPTION

The SPARK program provides a method for you to evaluate your company's safety program by giving it a "safety check-up." This is not a competition and is for evaluation purposes only. The evaluation will not be reprinted, circulated, or published by IEC or its Chapters.

If there are any categories that do not apply to your company, please mark N/A in the space designated for the evaluation score for that category.

CLICK HERE FOR EVALUATION

Once you've completed the evaluation and scored each category, tally your scores and submit your assessment through the IEC Awards Platform.

TS = Total score tabulated by adding all of the section scores you provided.

QA = The total number of sections where you provided a score.

SLS = SPARK Level Score = (TS/QA)

SPARK LEVEL SCORES:

Grand Achievement: 187-234

Superior Achievement: 140-186

SPARK Achievement: 94-139

In addition to the company award, an award will be given to the Chapter in each IEC Region with the highest percentage of member participation.
